

Snow Day Math

3	4	5	6	7
8	9	10	12	14
15	16	18	20	21
22	24	25	28	30
32	35	36	45	48

- **Choose any 2 numbers** from the table above.
- **Multiply** those numbers using any multiplication strategy you choose.
- Repeat until you have **15 *different* multiplication equations**.
- You may do **2-digit x 1-digit** equations or **2-digit x 2-digit** equations.
- Please remember to **show your work**. There is a space on the back of the Snow Day Learning Log for you to do the problems. You may also use notebook paper if you need more space.
